## EXHIBITION & SPONSORING

## WELCOME TO THE EU PVSEC 2025

The **EU PVSEC**, with a history of over 40 years, is the longest running and **largest international Conference** for Photovoltaic research, technologies and applications which is coupled with a cutting-edge, **state-of-the-art international PV Industry Exhibition**. Annually, it attracts innovative companies, manufacturing enterprises and research centres from all around the globe. With the rapid evolution of the renewable energy sector, the exhibition is **essential** for **R&D professionals** eager to stay ahead of emerging trends and breakthroughs.

## DIVE INTO THE EXPERIENCE

THE 2024 EVENT FEATURED:

**1,800+**  
PARTICIPANTS

**142** PARALLEL  
EVENT PRESENTATIONS

**1,100+**  
PRESENTATIONS

**60,000+**  
IMPRESSIONS,  
IN ONE MONTH

## EXHIBITION & SPONSORING

# SHAPING THE FUTURE OF EUROPE'S PV INDUSTRY

In 2025, the EU PVSEC will take place in the timeless city of Bilbao, Spain, from 22 – 26 September in the Bilbao Exhibition Centre (BEC).

At the EU PVSEC 2025, we are bringing together the entire PV value chain, uniting industry experts, pioneers, and decision-makers from the solar PV sector.

We invite you to join us in fostering a resilient global PV supply chain together!

## WHY JOIN US?

### EXPOSURE

Gain more visibility in a leading business-to-business PV exhibition and promote your company and your services to a highly trained audience of international experts.

### POSITIONING

With over 600 companies attending the event, you can get in touch with decision-makers from all levels of the PV value chain, strengthening your position as a business partner.

### LEADS

Grow your sales pipeline and increase the number of potential customers with the insights you gain at the EU PVSEC.

### LIAISON

Build relationships and strengthen your position as the leading partner of choice for businesses deploying next-generation technologies.

### LOCATION

Bilbao, as the host city for the EU PVSEC, showcases Spain's strong dedication to advancing renewable energy solutions. As one of the global leaders in PV deployment with numerous companies in solar PV value chain, Spain proves to have strong research, industrial & engineering competences in solar PV.

## EXHIBITION & SPONSORING

### Exhibitors from the following areas of the value chain

Associations

Consultancy

Research Centres and Universities

Industrial Equipment for Solar Manufacturing

Ingot, Wafer, Cells and Modules Production

PV Mounting Systems and PV Components

Energy Storage Solutions

Chemical and Material Solutions

Simulation and Testing Tools
